

Parents & Clubs

Getting involved with your child's club is a great way to meet people, have fun and teach your child about commitment.

1. How can you help support the team?

Check with the coach to find out if there is a parent's committee. Many clubs have programmes in place to maximise parental involvement and resources. Your club may need fundraisers or assistance on a social committee.

2. It takes a lot of people to run a meet, how can I help?

If you have already attended a meet you have probably been approached to be a timer. This is a great way to begin to help run meets. Officials are a necessary part of every type of competition. Officials positions are:

Stroke and turn judge

Clerk of course

Computer operator

Starter

Referee

Safety Marshall
